Thanks for attending Warpstock

Warpstock is your conference. We'd like to make it better. If you have comments or suggestions, please send them to us at president@warpstock.org.

Survey

In terms of content, please order the following subject areas according to your preference, where 1 is most interesting to you and 5 is least interesting:

Subject	Preference
development	
networking	
hardware compatibility	
software (including demonstrations)	
multimedia	

Was there a speaker who stood out to you? If so, why?

How would you rate your in-session experience overall, with 1 being excellent, and 5 being unsatisfactory?
